Key Comparison Points Continued – Trailers & Hoists

COMPONENTS	TYPICAL COMPETITOR	Ezrolloff EQUIPMENT	ADVANTAGES
Hydraulic Valve	Manual controls	Electric solenoid valves with LED light indicator and a manual override.	In the uncommon event a system malfunction, the customer(along with a support team) can quickly diagnose the problem.The manual override enables the user to operate the system without the hand pendant.
Safety Lock Valves	None.	This feature is In place for our customers safety.	Increased safety and peace of mind.
Greasing	Some models do not use grease zerks. The models that do have them in questionable placement.	Easily greased	Recessed grease zerks on every shaft allows for easy maintenance and minimal to non-existent breakage.
Bronze Bushings	Does not use a figure 8 grease groove. Design makes it very difficult to remove shaft to get to bushing.	Used on all rail rollers and sheaves.	Bronze bushings are easily replaced. Figure 8 grease grooves cut into the bushings allowing the entire shaft to get greased in one rotation of part.

Note: Materials and product improvement is a continuous commitment at NEDLAND INDUSTRIES, INC. These specifications are subject to change without notice.
